CAREER OBJECTIVE

Seeking to join a dynamic organization where I can utilize my skills in analysis, research, and innovative problem-solving to create value, while continuously learning and contributing to business objectives.

CORE COMPETENCE

Technical Skills;

- Microsoft Office Suite (Excel, Word, PowerPoint, Outlook, Teams, OneDrive, Power Automate)
- Python (Pandas, NumPy, Matplotlib)
- R Programming.
- Climate Data Operator
- ArcGIS
- Pyferret

Analytical Skills;

- Data Analysis
- Machine Learning
- Data Visualization
- Statistical Modelling
- Research and Reporting

Professional;

- Project Management
- Leadership
- Communication
- Public Speaking
- Time Management
- Adaptability
- Stakeholder Engagement
- Teamwork
- Problem Solving

PROFESSIONAL SUMMARY

Resourceful and results-driven Meteorology and Climate Science graduate with a strong foundation in data analysis, environmental research, and renewable energy studies. Skilled in Python, machine learning, deep learning, GIS, and climate modeling. Recognized for leadership and innovation, combining technical expertise with exceptional communication and project management skills.

EDUCATION

BACHELOR OF TECHNOLOGY IN METEOROLOGY AND CLIMATE SCIENCE

Federal University of Technology, Akure | 2024

Second Class Upper Division, 4.14/5.0 CGPA

Project: Comparison of Sea Surface Temperature over the Gulf of Guinea During Dry and Wet Years Composite of West Africa

CERTIFICATIONS

Certificate of National Service | NYSC 2025

Applied Data Science | **WorldQuant University**

Microsoft Office Specialist | 2026

Fundamental of hydrographic Survey | **International Hydrography Organisation** | 2024
